## SACRAMENTO PENDLETON IN DISTRESS.

Barber Board is Soon to Walk the Plank.

Assembly Passes Senate Bill to End Shooting of Shovers.

County Boulevard Bill Goes to Governor—Bill to Aid Strikers in Senate.

(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, March 9.—(Exclusive Dispatch.) Pendleton's State Board of Barber Examiners was soon to be a painful memory. The days numbered, and within a week or less it is practically certain that it will have been abolished. After a spirited contest this afternoon the Assembly passed the bill to abolish the board. All that now stands in the way of this bill being at once sent to the Governor is a motion to reconsider by Dorsey of Kern, and that will be disposed of tomorrow. The chances are that the motion will be laid upon the table, but the political friends of the members of the board are working hard to secure enough votes to cause the Assembly to reverse its action. The friends of the bill are equally active, however, and having the advantage, they are confident of their ultimate success.

Few State documents have ever been filed containing more severe arraignment of State institutions than this report. Rather than mince matters, the committee has incorporated in its report statements unit for publication, but which the report says express lightly what they found to be true. Instead of being places where criminals are reformed, the committee has found that as at present conducted the penitentiaries of this State are breeding places for crime; that youthful prisoners who are sent there for short terms come out after having completed their sentences expert and hardened criminals, their morals debased, and their ideas of what is due from them to society so perverted that they are humanly beasts ready to prey upon those whom they can make their victims. It is not to be expected that a penitentiary is to be a moral institution, but the immorality practiced at both prisons is such that the committee cannot find words sufficiently strong to condemn it.

The report is not only a most severe arraignment of the prison officials, but of the pen directors, and of the public in general, because that public has not properly provided for the unfortunate who are confined in the prisons. If the public could realize the horrors of the practices which are common in the prisons, says the report, there would be more indignation than has been expressed in the past. Years ago anything with which the public has to do.

"During the two years that this board has been in office," said Mr. Martin, "they have never refused to grant a single certificate. Why? Because there was \$5 in it for them for every certificate, and they did not want to overlook any cash."

The speaker declared that the members of the board, according to their own report, had misused State funds, having charged more than \$800 for infirmary than they were entitled to.

Allen, Foster, Dunbar and Dunlap opposed the bill, but Mr. Martin's statement had had its effect. When the roll was called it was necessary to order a call of the House before sufficient votes could be mustered to pass it. The final roll call was as follows:

Yates—Allen, Bangs, Bates, Black, son, Brown, Barber, Copas, Dorsey, Dougherty, Duryea, Gleason, Goodrich, Hart, Houser, Howard, John, Johnson, Johnston, Killingsworth, Leininger, Knight, Lewis of San Francisco, Lewis of Riverside, Lumley, Lux, Matheson, Merwin, Miller, McLaughlin, McMahon, McMartin, Moore, Murphy, Olmsted, Pann, Frie, Skinker, Snyder, Seward, Steadman, Sumner, Tinsdale, Walker, Wanser, Weger, Wick—44.

LUX POLICE MEASURE.  
CARTER HITS IT HARD.

(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, March 9.—(Exclusive Dispatch.) The bill introduced by Lux of San Francisco, which would have deprived boards of police commissioners of all control of police departments, was practically given its quietus in the Assembly tonight. The bill was so far down on the file that it had been supposed that it would never be reached. By substitution, Mr. Wright of San Jose, it was jumped up to a place on the special urgency file, and before the opponents of the measure were aware of it, the bill was under discussion.

There is a rule that when seven members object to the consideration of any measure, it shall not be considered as a special urgency matter. Mr. Carter, who was among the members and secured the signatures of the following members, in addition to his own: Houser, Johnson, Kelen, Amorice, Camp, Tranter, Goodrich and Burgess, and that settled the matter for the present. It will now take its regular place on the file, and it is probable that it will never be reached.

SACRAMENTO, March 9.—(Exclusive Dispatch.) But for a typographical error, Senator Smith's bill, making an appropriation for the California exhibit at the St. Louis Exposition, would have passed the Assembly tonight. Just before it was taken up on the special urgency file, it having been given a place on that file by Tranter, the discovery was made that the word "and" had been omitted from a printed bill. It was necessary to have the bill amended, and this caused a delay of at least one day, after the mistake was corrected, the bill had to be referred solely for the benefit of the labor unions of the State. body passed the unconstitutional labor-law bill, or totem bill, which provides that that label must be placed on all public printing. Today, another bill, also by Bankers, the Union Labor Senator, providing, in effect, that where a strike is in progress it shall be unlawful for an employer to bring in additional men without fully informing them of the fact of the strike, and of the cause of it.

It is practically an effort to help future strikes by legislative enactment. Suppose, during a strike, any new employes could be induced to assist that he had not been told all about the strike. It would then be possible to prosecute the employer, and it is certain that such prosecution would follow.

The bill failed of passage, by a vote of 17 yeas to 15 nays. Notice of a motion to reconsider the bill, and the friends of this labor measure will endeavor tomorrow to secure the four additional votes necessary to pass the measure.

## SCHOOLS FOR CRIME ARE STATE PRISONS.

NEED OF RADICAL REFORM IN THE ENTIRE SYSTEM.

Report of Investigating Committee Shows that the Penitentiaries as at Present Administered are a Public Evil Instead of Public Good.

(BY DIRECT WIRE TO THE TIMES.)  
SACRAMENTO, March 9.—(Exclusive Dispatch.) The special committee of the Assembly appointed to investigate the affairs of the State Prisons at San Quentin and Folsom has completed its report and will file it with the Assembly tomorrow.

Few State documents have ever been filed containing more severe arraignment of State institutions than this report. Rather than mince matters, the committee has incorporated in its report statements unit for publication, but which the report says express lightly what they found to be true. Instead of being places where criminals are reformed, the committee has found that as at present conducted the penitentiaries of this State are breeding places for crime; that youthful prisoners who are sent there for short terms come out after having completed their sentences expert and hardened criminals, their morals debased, and their ideas of what is due from them to society so perverted that they are humanly beasts ready to prey upon those whom they can make their victims. It is not to be expected that a penitentiary is to be a moral institution, but the immorality practiced at both prisons is such that the committee cannot find words sufficiently strong to condemn it.

The report is not only a most severe arraignment of the prison officials, but of the pen directors, and of the public in general, because that public has not properly provided for the unfortunate who are confined in the prisons. If the public could realize the horrors of the practices which are common in the prisons, says the report, there would be more indignation than has been expressed in the past. Years ago anything with which the public has to do.

The committee was appointed as a result of disclosures made of the hellish use of the strait-jacket, but the report shows that bad as are the facts as to the misuse of that instrument of torture, its use is far from being the worst feature of the effect upon criminals of a term spent there, even if frequently punished in the strait-jacket. Imprisonment is declared to be imperatively necessary.

The Board of Prison Commissioners is severely criticised for not attending more closely to their duties, and an entirely new system of prison management is demanded. Segregation of first-termers from older convicts is also recommended. It is recommended that the younger criminals and female convicts be sent to San Quentin, and that the hardened criminals be sent to Folsom. The report contains 400 words. It is highly probable that the Legislature will pass any bills can be passed which will relieve the conditions at the prisons, but an effort will be made to pass them as measures of urgency.

CALIFORNIA LEGISLATURE.  
THIRTY-FIFTH SESSION.

of Tulare the Twenty-fourth Agricultural District, and Kings county the Forty-sixth Agricultural District.

By Seward—Creating the office of official reporter for the various superior courts, and making them county officers.

Among the bills passed by the Senate tonight, were the following:  
By Emmens—To prevent injury to oil or petroleum bearing strata by the infiltration of water.  
By Flint—Creating a fireman's relief, life insurance and pension fund.  
By Lardner—Creating the office of State Entomologist. Senator Wolfe gave notice of reconsideration.

By Knowlton—Appropriating \$100,000 to prevent the introduction and suppression of contagious or infectious diseases.  
By Ralston—Appropriating \$25,000 for a school of Forestry at the University of California.  
By King—Appropriating \$15,000 to install new engines, boilers and dynamos at the veterans' home.

ASSEMBLY PROCEEDINGS.  
SACRAMENTO, March 9.—Gov. Pardee sent notice to the Assembly today that he had vetoed the bill appropriating \$304,750 to pay the claim of Marin county against the State for money spent in prosecuting criminal cases originating in the penitentiary at San Quentin. Other bills stated in the message as having been vetoed are as follows:

By Johnson—Providing for the payment out of the general fund, a claim for damages sustained in loss of property by the fire at the Preston school of industry at Los Angeles.  
By Leavitt—Making a majority of members a quorum in the State Board of Education.  
By Flint—To pay the claim of H. W. Stilton.

By Committee on Claims—To pay the claim of the Southern Pacific Company for transporting State troops. The Governor does not repudiate the two last claims, but merely wants the payment of them postponed.

After a lively debate, the Assembly passed the bill regarding the hours of employment in underground mines, in smelting and ore-reduction works and of hoisting in and about mines.

The bill by Senator Leavitt, defining new crimes of general circulation, was passed.  
A suggestive paragraph closes an otherwise uninteresting report, submitted this afternoon by the Committee on State Prisons and Reformatories, regarding the visit to the Preston School of Industry at Los Angeles. The paragraph follows: "This institution ought to be made of as great benefit to the wayward youth of California as similar ones in other States. It is to be made of as great benefit to the wayward youth of this State, and your committee believes it can be made of more benefit by successful, practical experience in such institutions, or men whose abilities are recognized, and whose are humanly beasts ready to prey upon those whom they can make their victims. It is not to be expected that a penitentiary is to be a moral institution, but the immorality practiced at both prisons is such that the committee cannot find words sufficiently strong to condemn it."

THE MOTION TO DISSOLVE THE WABASH INJUNCTION.

Specific Denial of Each of the Allegations Made.

Armed Strikers Hold Up Stage—Brick Makers Out—Moyer Predicts Peace.

(BY THE ASSOCIATED PRESS—P.M.)  
ST. LOUIS, March 9.—A sweeping denial of all the charges made by the Wabash Railroad Company in its bill of complaint, upon which was issued the injunction to prevent a strike among its employes, was filed today in the United States District Court by counsel for the Wabash.

At 10 o'clock tomorrow morning Federal Judge Lindbergh will hear the arguments for and against the answer.

The motion to dissolve the injunction, briefly stated, is based on the ground that the writ of injunction was improperly granted; that charges of illegal conspiracy contained in the bill were untrue; that the injunction was issued without notice, and that all the material charges in the bill are fully denied.

President Ramsey of the Wabash and the company's legal counsel began the preparation of their arguments against the answer immediately after it was filed, at 10:30 a.m., and continued busily at work all day and into the night.

The other side of the case, however, is being prepared by the union. The hold-up created intense excitement here. Sheriff Richardson is swearing in more deputies.

Detective William Ahern of the Southern Pacific company, who is gathering at depot grounds in New- ick station, and through interview men have been sent from going to work at the smelter. Ahern said that he cannot stop at stations, but will arrive at the smelter with numbers to stop it.

CHICAGO, March 9.—Fourteen unions whose members are engaged in the handling and the transportation of freight have formed a central body, to be called the Shipping Trades Federation.

NEW YORK, March 9.—(Exclusive Dispatch.) A general strike of makers and ironworkers in big New York shipbuilding plants is almost certain within the next few weeks, the men having today submitted demands that it is practically certain the employers will not allow. At the Shooter plant of the Townsend Downey shipbuilding company, the ironworkers have already been out for several weeks, and a sympathetic strike of other branches of trade will be expected at any time. It has been agreed that the demands of the ironworkers must be granted or the carpenters and shipbuilders will walk out. Downey said today that the only grievance of his men at the time they struck was recognition of the union.

Two non-union men had been employed, and the union demanded their discharge. They were told positively that they would not be discharged, but that they would remain as long as there was no objection to their work, or their character. Labor delegates admitted that they were not admitted to the union except that they refused to join it.

LABOR TRUST MEMBERS.  
ON COAL COMBINE JURY.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, March 9.—(Exclusive Dispatch.) After weeks of wrangling over technicalities, a jury has been secured in Judge Chetlin's court to try the Indiana coal operators charged with conspiracy to fix the prices of coal in restraint of competition and contrary to the laws of Illinois. More than 1000 telegrams have been brought into court at an expense of nearly \$5000 to the county in the effort to get twelve men who would impartially try the defendants.

It has been the aim of the prosecutors for the State to get a jury composed of workmen, while the defense has been endeavoring upon rejecting the names of all who have been rejected by the State's attorneys. On the jury, as finally sworn in, there are several men affiliated with labor unions, and there is much difference of opinion between the attorneys as to the view that these men will take of the right of capital to organize for their own protection, providing they do not "transgress the law." The jury was completed at noon today.

A. CARBONE AND MRS. MARY RADO SLIP LAW'S PETTERS.

Arrested in Arizona but Released by Court on Technicality—Wronged Husband Leaves With Officer in Last Pursuit and May Overtake Them.

An Associated Press dispatch from Tucson received last night states that Louis Carbone and Mrs. Mary Rado, an adulterous couple fleeing from Los Angeles, were arrested there yesterday morning on telegraphic orders from the local police department. They were permitted to remain in a hotel pending the hearing of a writ of habeas corpus issued in their behalf. The court decided in favor of the officers, and the ground that the warrant was not telegraphed, which is necessary under Arizona statutes.

The couple left for Mexico a few hours after their release. They were followed by Officer Charles J. Black, followed by Officer J. R. Adams, a married man, and his recent spouse with a child. They were followed by a police officer, who left Los Angeles yesterday and arrived in Tucson to apprehend and arrest them.

day on I began to taste, and I was three years ago, and I never used any ordinary coffee at all. I have stuck to Postum.

When I quit coffee I weighed 150 lbs. My weight now is about 125 lbs. A long while people kept telling me about the change. I had been a thick, run-down, old man; but now I am sleek, my skin smooth, good looking, and when I walk I step out like a young man ought to.

I honestly believe Postum saved my life. I was simply being poisoned by coffee. Now I can eat anything I want, and naturally enjoy life. Now I am by Postum Co., Battle Creek, Mich.

they did not look as presensible as the Eskimos, but as such grand, but the thing must be set. Spoon had one eye closed, and arguments much bespattered with Akkavak's upper lip was twice natural size, and his parka, torn away off his back, danced forward about his heels. He looked angry, but the decent Christian Eskimo never clenched his fists. No word was until they were almost at the when an unwonted air about village caused each to pause, and an astonished "Ugh!"

The Eskimos in the little settlement seemed to be out, and about the of Stony Tom. Was Stony Tom Akkavak thought it possible, he old man had been complaining "A. Aw, hell! All old people must come time, and squaws who were na were really more desirable. Commitment was not long in contrast from his ignio stepped Stony Tom behind" him came Okbakug and Ivonna by the hand. The three dressed in a new and much-worn new sled with ivory runners, six good Malamoot dogs hitched to it with fancy harness and singlets. Okbakug tenderly placed Stony Tom and Ivonna on the sled, and then carefully in pairs, and on his place on the trail ahead of him, started off toward the north where he home had prepared for him.

Spoon looked at Akkavak and Akkavak looked at Spoon. For the second time that day Akkavak threw remarks to the winds and said simply, "Damn!" Then they turned with accord and started for Teller a time Spoon said gently: "I am glad you are getting plenty cold weather."

He responded Akkavak, "plenty cold weather."

interesting case is that of a man who drank coffee for a great many years before he felt the effect of it. He said further: "Finally my health began to decay, and I first noticed being very nervous and I began to have spells of heart trouble, rapid palpitation of heart and dizzy, sick feelings like, as going to die.

"My appetite began to fail and I had a very distressful pain in my side. I could not remember was not so good as had been and that worried me some. One day I stepped out of my shop to go on a lady when all at once I became blind and staggered along like a drunken man until I ran against one of the shelves there, which I grasped, or would have fallen. Cold sweat stood out on me and I sank down on the ground and it was a long time before I recovered myself again.

"The family doctor, who was called to advise me to quit coffee and try Postum Food Coffee. I thought it would be a big undertaking to quit coffee, but when I got my cup of Postum I noticed my taste, and on the next day on I began to feel better. It was three years ago, and I have not had any ordinary coffee since, and have stuck to Postum.

"When I quit coffee I weighed 145 pounds, my weight now is about 175. I am a long while people kept talking about the change. I had been a sick, run-down, old man; but am now healthy, my skin smooth, good color and when I walk I step out as if my man ought to.

BOSTON DRY GOODS STORE.  
239 South Broadway, Opp. City Hall, Los Angeles.

As announced Sunday, we will begin a special sale of embroidered edges and insertions on Wednesday morning. This fact needs only the barest announcement for the fame of our embroidery sales always insures a quick appreciation of the values we offer.

**Special Sale of Fine Embroideries**

Altogether there is very nearly twenty thousand yards in this collection, divided equally between the edges and the insertions.

**25c for 50c to \$1.50 Edges.**

The embroidered edges come in Nainsook and Cambric, made on very fine cloth. They range in width from 6 inches to 14 inches. Notice how carefully the edges are finished. These edgings are worth from 50c to \$1.50 per yard; on special sale Wednesday morning at 25c.

**25c for Insertions Worth 40c to \$1.50**

The insertions are made on the same quality of cloth and in the same careful manner as the edges. Most of the patterns are duplicated so that insertions and edges may be selected to match perfectly. The insertions vary from 2 inches to 4 inches in width, and would generally sell from 40c to \$1.50 per yard. Beginning Wednesday morning they will be on special sale at 25c.

We are showing a few of these handsome embroideries in the north window.

**Millinery Opening Thursday and Friday**

You cannot afford to overlook the sumptuous millinery display which we have arranged for you this spring. To say nothing of the unusually complete line of tailored hats and domestic patterns, we would call your attention to the fact that we have displayed for your viewing the largest stock of imported hats ever brought to Los Angeles, opening Thursday and Friday. You are cordially invited.

THE CITY IN BRIEF

NEWS AND BUSINESS

**Soldiers' Ball.**  
The California Society of the Army of the Philippines will give a ball at Kramer's Hall this evening with music by the orchestra.

**Burglarized Cigar Store.**  
By climbing over a screen guard a burglar gained access to the interior of M. A. Gust & Co.'s cigar store at Fifth and Spring streets early yesterday morning, and stole \$54, which had been secured under the counter when the store was closed the night before.

**Rev. Thomas G. Brown.** A colored priest of the Episcopal Church in Philadelphia, has come to Los Angeles to take up work in this diocese under Bishop Johnson. Mr. Brown is a graduate of the University of Pennsylvania, and was ordained by Bishop Whitaker in 1901. He will preach in St. John's Church at the corner of Main and Broadway at 7:30 o'clock.

**Southwest Improvement League.** The wretched condition of Thirty-ninth street, which has been the subject of the Southwest Improvement League last evening, and it was decided to file a petition with the City Council, it was also voted to petition for a fire hydrant at the corner of Forty-fourth street and Wisconsin, and to ask for fire-alarm boxes, west of the engine-house.

**Caught Under Car.**  
Jose Canto, C. Alcantara and Nicholas O'Brien, laborers employed by the Los Angeles Railway Company, were almost buried under a falling tank of gravel yesterday morning at East First and Pecos streets, where they were excavating. Canto's head only was sticking from a mound of earth after the tank had rolled away. The three men were dug out by fellow-laborers, and taken to the office of Dr. Alcantara, the company physician, where their injuries, consisting only of bruises, were bound up. Later they were removed to the Sisters' Hospital, Improved and Unimproved.

**Don W. Carlton** has purchased of R. G. Meese, through W. M. Garland & Co., 1212 1/2 North Main street, corner of Second and San Pedro streets, with a single-story brick business building, a ten-room frame dwelling and a twenty-six-room frame lodging-house, consideration named, \$22,000.

**Mrs. Frances Moore**, of the Yellow Aster mine, buys of the Alvarado Terrace Company, through Edward D. Silbert & Co., 1712 1/2 feet, on the northeast corner of Alvarado Terrace and Alvarado street, unimproved; consideration named, \$2000. Purchaser will build a handsome home on the property.

**Mystery of Myers.**  
Concerning the disappearance of one Myers from the Salvation Army refuge on East Fourth street yesterday morning, the police are deeply mystified. Myers, who lodged in the barracks there, was seen early and left unseen. But it seems that he must have gone away without a stitch of clothing on his back, or a penny in his hand—he had no pocket. Behind him on the bed was his only suit of clothes, also underwear, socks, shoes, a necktie and collar button. The last remnant of his wealth, \$1.25, was left on a table. It would seem that the fellow lodger might account for this puzzling disappearance, but every one that was questioned refused to answer. While, has Myers gone a-swimming?

**Hertz and Rowe Parade.**  
This morning our country boys will be on hand to enjoy with us a free eye feast in the form of a circus pageant and trained-animal parade, which will be given by Hertz and Rowe's big shows at 11 o'clock.

The parade will be the introductory number of a gala day, introducing to the people the scores of gray-tinted performers and animals which are to participate in the show. There will be electric, camel and dromedaries, pyroclastic steeds, with riders, curved horns and cages, scores of pretty ponies, rare wild animals, monkeys, apes and baboons. The parade will pass through Eleventh street to Main, up Main to Junction of Spring up Spring to Sixth, to Broadway, to First, to Hill street, and back to show grounds.

**REVIEWS.**  
The entire stock of framed pictures at Barker Bros' picture department will be closed out at auction, commencing this morning at 10 a.m. The sale will take place in the Barker Bros' auction room, at 125 S. Broadway. Every lover of beautiful pictures should visit the auction room and view the beautiful collection of art work. Auction hours, 10 to 12 a.m. and 2 to 4:30 p.m. Over 500 pictures to be sold at whatever they will bring.

## WOMEN'S CLUBS.

Lecture on Browning.

Rev. Eliza Tupper Wilkes, who is

scheduled to address the Ebell the

second Monday of each month, gave way

yesterday, postponing her lecture on

"California Prose Writers," that the

club might have the pleasure of listen-

ing to Rev. Dr. Albert T. Martin of

Tacoma, Wash., who is in the city at-

tending the Congress of Religion. Dr.

Martin, an authority on Robert Brown-

ing's works, delivered an address on

"Saul," providing an hour or rare

pleasure. Miss Edna Mass of St. Louis

was the program with Ruben-

stein's "Fifth Barcarolle."

The following ladies were elected to

serve as Nominating Committee, to

present names for the club officers for

the ensuing year: Mrs. George Hughes,

chairman; Mrs. Marian Calvert Wilson,

Mrs. Leslie Hewitt, Mrs. T. T. Knight,

for the board, and Mrs. C. G. Stanton

for the club were appointed by the

chair.

Paris Yvon.

La Causette held its regular meeting

Saturday afternoon with Mrs. Margaret

Caldwell, at No. 94 West Twenty-third

street. The club departed a little from

the usual study of classical literature

and devoted the afternoon to the study

of French witticisms, interspersed with

a little French wisdom. Miss Stella

Marie, the young daughter of Mrs.

Caldwell, related several fables of La

Fontaine. Miss J. A. Donato favored

the club with two delightful vocal

selections, "La Chanson de Florian," and

"Mignon." Refreshments were then

served, and the club adjourned, to hold

its next meeting at Long Beach.

Current Topics.

Yesterday's meeting of the Monday

Study Club was devoted to current his-

tory and magazine reviews. Study of

the topics of the day resulted in gen-

eral discussion, among the subjects

considered being the advances made in

transportation, fuel and lighting. Of

Other matters treated of were medi-

cal interest in the care and cure of

consumption, the farm in Colorado,

where the disease is treated, being de-

scribed; the Congress of Religion; the

decisions of the Antislavery Coal

Investigating Committee; Helen Keller's

plea before the Legislature for the

passage of a bill providing industrial

education for the blind.

Miss Wiggin's review of Dr. Lorenz's

work was presented in an unusually

interesting manner.

Jay Cooke's Story About Grant.

A portrait of Jay Cooke, by William

M. Chase, is one of the best pictures

at this year's exhibition of the Phil-

adelphia Academy of Fine Arts. Mr.

Chase, standing beneath the portrait

the other afternoon said:

"When Jay Cooke posed for me, he

told me of a bonhomie of Grant's

Grant was entertaining a clergyman

one evening, and the clergyman had

to make a certain train on a certain

railroad or he would not get home

that night. Therefore, his host kept

reminding him of the hour, but he

would put the matter off, and begin

to talk in his fluent, clerical way again.

"Now, doctor, remember your train

goes at 10:30," Grant for the tenth

time said.

"That is all right about the train,

general," returned the clergyman; "the

Lord conduct the trains."

"Yes," Grant chuckled, but if you

want to get this A. B. C. line train, you

had better start now. The Lord has

had nothing to do with the A. B. C.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

## GAVE CHARGE TOLD TO CAPITALIST LLOYD.

## HE RECEIVES NEWS COOLLY AND DENIES WRONGDOING.

In Making Rapid Recovery and Will Probably Be Removed to His Home Within the Week—New County Office Created.

SAN BERNARDINO, March 9.—Charles R. Lloyd, the capitalist who was shot and seriously injured on January 21 by his nephew, William Ross, was called upon this afternoon by Dist. Atty. Spethers, from whom he learned for the first time that he was under arrest to answer the serious charge of capital murder.

Lloyd is at the Marlborough hospital, and is rapidly recovering from his injuries. It was there that he was visited by the District Attorney and Attorney R. E. Amabile, who will represent Lloyd in prosecuting Ross on a charge of assault with a deadly weapon with intent to commit murder.

The supervisors today established a new office, that of county expert, to which S. E. Draper of this city was appointed. Mr. Draper gets the appointment for one year at \$60 a month. He will be at the service of the supervisors when called upon to examine the books of the several county officials.

"A fool and his money are soon parted," but the wise man takes his money and earns more with it by investing in the Times. Telephone your wants to red 44, and our San Bernardino Agency will take your ad and send it to the main office.

Southern California Times has had printed and bound in suitable form twenty-four large, original, and exceptionally beautiful California souvenir views. They make a very appropriate and artistic souvenir of California to send to eastern friends, or for tourists and visitors to take home with them. Price, 15 cents each. (Extra charge for postage or expressage, 15 cents.) On sale at Times office, Los Angeles, and at all agencies and news stands.

## REDLANDS.

## FENTON OBITUARY.

The funeral of Dr. W. F. Fenton, late president of the Redlands Orange Company, and secretary of the California Fruit and Gravel Company, was held at the residence this afternoon. Rev. F. F. Johnson officiating. The body was temporarily interred in the receiving vault pending the arrival of relatives from the East.

John H. Folks has filed papers for letters of administration in the estate of Cordelia F. Broadbent, the estate being valued at \$100,000. The letters were issued to Mr. Folks on Monday.

Augustus J. H. Hart, a factory at Tustin for the curing of red chili peppers. The peppers are grown extensively in the Redlands and are large tracts of land being devoted to their culture.

"A hot answer turned away wrath," and a judicious advertisement in the Times yesterday of an office he once held to the main office.

## SUPERVISORS WARNING WITH JUSTICE YOUNG.

## DISAGREEMENT OVER CLERK OF TOWNSHIP COURT.

Young Says He Will Hire a Clerk at His Own Expense Rather Than Take One Selected by the Supervisors—Fairbanks Withdraws.

Supervisor Graham and Justice Young stepped all over each other's toes yesterday, reaching for the same political plum. It came to the point of open warfare.

There is a clerk to be appointed for Justice Young's court, to take the place of David Martin, whose term is about to expire, and who goes to Justice Chambers' court. The salary is \$100 per month.

Justice Young is allowed, by law, to recommend a candidate for the office to the Supervisors. Justice Young has had his mind made up ever since the convention—maybe before. It has been openly stated all along that his clerk would be Capt. H. J. Haverley, who is now working as a grand jury expert.

When he made the formal recommendation yesterday, and Haverley put his formal application in to the Supervisors, Justice Young attempted to execute a flank movement and get the place for Maj. H. J. Fairbanks, a deputy under the Tax Collector, and a political adherent of his own. Graham was grateful.

It made an awful stew. It has not simmered down yet.

When Justice Young came before the board yesterday morning to back up his recommendation of Capt. Haverley, Supervisor Graham looked at him and said, "Have you any objections to Maj. Fairbanks for that position?"

The reply was most emphatic. The justice said that he most certainly had. Graham wanted to know what they were. Justice Young said he would not care to state his reason for objecting to Maj. Fairbanks, unless

## GIVEN HILL UNTIL OTHER ARRANGEMENTS CAN BE MADE.

At the Presbyterian Church yesterday morning an announcement was made of the passing away of the young son of Rev. and Mrs. Marquis at 11:06 o'clock, just as the services were beginning. Dr. Moffatt, who has been filling the pulpit for Dr. Marquis for the last two weeks, read the announcement.

The plans for the proposed new High School building have been approved by the High School board.

Mrs. Voge and Miss Voge will leave tomorrow for the East, and will take a trip through Europe, where they expect to remain indefinitely.

The sudden death was a great surprise to Mrs. Yaki, who is aged, and she thinks Mr. Yaki died of heart trouble, not having yet been informed that her husband hanged himself with a wire and rope.

Alleged Horse Thief Freed at Ventura.

District Attorney Gives Up Idea of Conviction.

Feng Sing, the Wholesale Chinese Burglar, Quickly Raises Bail Money—Preparing for Intercontinental Field Day—Rain Prevents Baseball.

VENTURA, March 9.—Manuel Garcia, the alleged horse thief, who was arrested by the Ventura Police for stealing the horse of Mr. Anderson from the Parsons' pasture in the Castles, has been discharged from custody.

The District Attorney did not think that a conviction was possible under the circumstances, and he has decided to drop the case.

NO BASEBALL.

The baseball game set for today, between the Redlands of Los Angeles and the Sealsides did not come off. A soft spring rain began this morning, and continued in showers during the day, making the ball ground too soft for good work.

STOLE FLOUR.

A man of the hobo species was seen on Thursday, coming from toward the wharf warehouse with a sack of flour. The sack was empty, and the man was carrying a large bundle of straw.

RAISED THOUSAND QUICKLY.

Fong Sing, the wholesale Chinese burglar, was examined yesterday on the charge of robbing the train of the Los Angeles and Pacific Railroad.

FIELD DAY PREPARATIONS.

Active preparations are going on in High School athletic circles for the intercollegiate field day, which will take place in Ventura on April 4.

BOARD OF EDUCATION TAKES AWAY APPELBY'S SINECURE.

Place Left Vacant After Long Controversy Over Successor—Large Increase in Attendance but No Additional Room—Teachers Mailed and Transferred.

Within about ten minutes elapsed time last night the Board of Education smoothly transacted all the important business of a regular session.

The body of Henry Yaki, who hanged himself in Pullerton Saturday, was buried here today.

THE JANITOR.

At a meeting of the Kern County Board of Trade this evening it was decided to invite President Roosevelt to visit Bakerfield during his coming visit to the Coast, and a telegram of invitation was dispatched to Washington tonight.

NOTES "TULL UP."
